

KHOI NGUYEN

FULL STACK ENGINEER

About me

Hello ^^ As a full-stack developer, I bring strong technical skills, a Can-Do mindset, and a user-oriented approach. I not only code but also find practical solutions through critical thinking.

Confident: can-do mindset, flexibility, addressing issues before they become problems.

Main-tech: Node, React, Symfony, Shopify, Liquid

Projects

Medical tracking web app | Remote

01/2021 - 02/2022 (1 year 1 month)
